\*Average 2001-2003 data except Idle Teens, Related Children in Single-Parent Families/Households and Children in Poverty (2000 Census data).

\*\*County is at or below national average already.

\*\*\*The 2005 Kids Count Databook reports children (related or not related) in single-parent households. The most similar South Carolina county data available is related children in single-parent families, which is about 2% lower than the equivalent figure for children in single-parent households.
